DATING SYSTEM

MINI PROJECT REVIEW

Rohit Karalkar 31

Rohan Mane 40

**Pushkar Mavale 41**

Himanshu Mishra 43

➢ *PROBLEM STATEMENT :*

- ***Dating System: In this project we facilitate our registrants the search for potential equivalents for themselves in an easy and secure way .***

- ***The recommendations will be based on location, Age, hobbies and other various aspects of user's. They will be provided with a personality quiz to help the other user to know them better .***

➢ *NEED AND OBJECTIVE OF PROJECT :*

- *Recently Japan appointed Tet sushi Sakamoto as its first ever Minister of loneliness to tackle the rise in suicide rates in Japan.*

- *Not only Japan, Britain has also already created an isolation/loneliness countermeasures office.*

- *Today in this fast moving world people need someone to share their sorrow's and happiness.*

- *This project will help the individuals who are alone and need someone to be with them.*

PROJECT FLOW DIAGRAM :

Register → Login → Home → My Profile

Home → Confirm request's

My Profile → View Request/Matches

Usage Of Technologies :

- **Python's Tkinter and MySQL .**

Innovativeness in solution :

- **Here we have kept a personality quiz which will help the individuals to know each other better .**

- **User also gets an opportunity to ask their own question and get the answer's of it from the individuals interested to send them request .**
